

# INTERNATIONAL JOURNAL MATHEMATICAL SCIENCE

Volume 2, Number 1, 2010

S/No.	Contents	Authors	Pages
1	Relative effects of Environmental Variables on Students' Achievement in Mathematics in four Selected Schools in Ijebu Area of Lagos State	Shafi Alonge M. and Areelu Fisayo	1-4
2	Recognizing Human Pointing Action Color Extraction and Stereo Tracking	Georgewill O. Moses	5-11
3	Statistical Capability Analysis of Volumetric Filling Honey processing Machine	Sahib I.O., K.S. Adekeiye, Umar S.S. and O. Bada	12-21
4	Agreement Rating of WAEC and NECO Results	Akeyede I. Akinyemi, S.G. and Babalola O.A.	22-25
5	Mathematical Formulations and Computer Programming for a Standard Scheduling Problem	Ajibola S.A.	26-29
6	Usage of Structured Type of Questionnaire in Enhancing Quality of Researches	Abiodun Moruf Oladele and Olaide Oluwatoyin Salawu	30-33
7	Chi-Square: An Empirical Application	Abiodun Moruf Oladele and Olaide Oluwatoyin Salawu	34-41
8	Information Technology in Science Education: Implication for Nigerian Intellectual an Sustainable Development	Adung David A., Utubaku, Richard U. and Ushie, Moses E.	42-47
9	Multivariate Pareto Minification Processes	S. M. Umar	48-60
10	On Agreement Between some Chi-Squared Goodness of Fit Statistics for one way Classification	Bolarinwa, I. A., Bolarinwa, B. T. & Abdullahi, U.	61-64
11	Applicable and Useful Seismic Attributes for Quantitative Reservoir Characterization	Adeosun, T. A., Akaegbobi, A. C. and Adegoke, A. O.	65-74
12	Interaction Between Two Continuous Variables in a Multiple Linear Regression Model (An Application to Educational Research)	O. A. Nuga	75-79
13	On Classical Representation Theory of Finite Groups and its Application to the Theory of Algebras	Hassan Burashika	80-87
14	An Arima Model for Cadets' Sick Parade	Okafor, U. L. and Oladejo, M. O.	88-96
15	Estimation of Fecundability and its Relationship with Blood Group	Bakari, H. R., Gulumbe, S. U. and Nwaosu, S. C.	97-101
16	Bias of some Commonly used Estimates of Autocorrelation	E. H. Etuk and Uchendu B. A.	102-106
17	A Heuristic Approach for Solving Just-In-Time Scheduling Problems	M. O. Adamu and O. Abass	107-116
18	On the Parametric F-Test and its Non-Parametric Equivalent	S. O. Adams and M. A. Bamanga	117-120
19	Prospects/Importance of Mathematics in the Society at Large	Abdulrasid A. A.	121-125
20	A Theory of Problems and Problem Solving in Mathematics	Adewuyi, J. B.	126-129
21	Factorization of Simple and Characterically Simple Groups	Shuaibu Garba Ngulde	130-134
22	Solution for Nonlinear Delay Differential Equation with n-Accretive Operator	Augustine O. Odio	135-139
23	Sylow p-Subgroups of Two Perutation Group by Wreath Products	M. M. Ardol and Y. K. Pindar	140-148
