

INTERNATIONAL JOURNAL OF MATHEMATICS SCIENCES

Volume 1, Number 1, 2009

S/No.	Contents	Author(s)	Pages
1.	Application for Linear Programming Method to Small Scale Farming in Saki West Local Government	Oni, N. O., Olayiwola, M. A. and Babatunde, K. M.	1-7
2.	Time Complexity of 4-Row Rail Fence Cipher Encryption Algorithm	J. O. Omolehin, O. C. Abikoye and A. O. Bajeh	8-14
3.	Choosing an Appropriate Forecasting Model	Aliyu, A. M.	15-16
4.	The New Quadratic Approach (NQA)	Ogbereyivwe, O., Inwomah I. and Idowu, J. O.	17-22
5.	On the Theory of Noncommutative Integration in Von Neumann and JBW Algebras with Respect to a Weight	Bassi, I. G., Yusuf, A. Mohammed and Mshelia, I. B.	23-30
6.	Trends in Software Development	Ibrahim, B. Kalambi	31-34
7.	Serial and Parallel Generation Schemes in Resource – Constrained Project Scheduling Problem (RCPSP)	P. Adamu and M. Abdullahi	35-42
8.	On the Stability of a New Method Based on Interpolating Function of Exponential Nature	E. A. Ibijola, S. O. Imoni and A. O. Adetunmbi	43-45
9.	Model for Estimating and Reducing Lengthening Queue of Unemployment and Poverty in Nigeria	Olagunju, S. O. and Jimoh, K.	46-48
10.	Parenting Styles and Pupils' Gender as Correlates of their Achievements in Primary Mathematics	Salami, I. A.	49-54
11.	Mathematical Models for Disease Control and Outcome: A Review	N. Korve and M. Kembe	55-64
12.	Predicting Changes in Dynamical Behaviour of Asset Price Returns	Osu, Bright O.	65-71
13.	A Seemingly Unrelated Regression Model for Analyzing Reported Cases of Diseases and Mortality	Olanrewaju, S. O., Zubair, M. A. and Adams, S. O.	72-79
14.	Teaching Statistics at the College of Medicine, University of Lagos	Ajayi, B. Okere, U. C. Onepe, A. C. and Adamu, M. O.	80-86
15.	Binary Logistics Discrimination –An Application to Consolidation of Higher Institution in Nigeria	Bolarinwa, I. A. and Anyanwu, P. E.	87-91
16.	The Mathematical Assessment of Hardy-Weinberg Stability Principle	E. P. Clement	92-97
